Invisalign and Clear Aligner Trays

Care Instructions

- 1. Wear **22 hours/day** and use your chewie daily for 5-10 minutes.
- 2. **Never eat or drink** (especially acidic/sugary/hot) with your trays other than water.
- 3. Remove trays from the **inside**, **back of the last tooth** in your mouth.
- 4. **Brush the inside of the aligners** with soap/water to avoid permanent teeth stains
- 5. Keep your new and old trays and follow the number AND the dates.
- 6. Forgetting to wear them? Add an extra week of wear for that set with poor wear
- 7. BEFORE changing your aligners to the next number, CHECK to see the fit.
 - a. If its GOOD, move on.
 - b. If its POOR, ensure you are wearing 22 hours/day, use the chewie every time you insert for 5-10 minutes and STAY on the current tray until the fit is good.

DO NOT TRANSITION TO YOUR NEXT ALIGNER UNTIL ALL GAPS BETWEEN THE TEETH AND THE ALIGNER ARE RESOLVED.

- 8. Attachments will stain with coffee, tea, wine and sports drinks. Brush well after drinking
- 9. You can wear a sports guard with or without them
- 10. You can absolutely whiten your teeth during treatment:
 - a. Crest WhiteStrips (We prefer the 1 Hour Express)
 - **b.** Professional whitening from your dentist (ie. Opalescence) **please ask your** dentist before completing this during treatment.

Emergent Issues

Most problems can be addressed at the NEXT SCHEULED VISIT. Any problem that is causing unexplained pain deserves a contact to our office.
